

巴西僑生 Rachel 與 709 班的校園生活

A message from Rachel:

I've never had an experience like this, and at first I thought that I wouldn't like it much because my Chinese isn't very good. But as time passes by, I have started to like it a lot, my colleagues and my teachers were very welcoming, helpful, and very kind. I love that I got the chance to see another culture and how it is like to live in a place so different from where I'm from.
